

Venetian Vest

This vest is designed with feature panels that are just waiting for a fabulous fabric, crazy piecing, or other decorative stitching technique. No buttons needed! The neck band is gently curved for a nice fit around the neckline and is designed in two pieces to allow for decorative touches like button loops, prairie points, etc. around the edge if desired (sample garments are plain). The optional flat insert piece between the neckband and the vest adds a touch of color to help bring focus to the main decorative panel.
