

Windorf Skirt

Throw a new curve into your wardrobe with this shapely skirt with knee-length or boot-length options. Use just the upper and middle panels for a knee-length version or add the lower panel for the longer boot-length version. The design seams curve gently over the side seam, thus enabling you to sew the skirt 'in the round' should you wish to insert piping, fringe, or other decoration in the seams. A side zipper keeps the finished look smooth and flattering.
