

Classic Skirt Combo

This classic trio of skirts adds a fun twist to the classic business-style skirt. You fit the pattern once, and then make the version you like depending on your project. The flirty fluted hemline is a leg-flattering feminine skirt, while the Pleated Back version is much more tailored. The Hanging Tab version is fun and casual and is a fun summer skirt, but still makes up well in the professional wardrobe. Center back zipper and classic darting complete this fundamental additional to your pattern collection.
